[Chronos FP110 Ultra-Micro Helicopter](#)

When you're ready to advance from coaxial helis or quadcopters to single-rotor heli flying, there's no better choice than the Ares (air-eez) Chronos FP 110. With its advanced fixed-pitch and self-stabilizing rotor head design, it offers the agility of a single-rotor heli along with the stability of a coaxial platform, making it easier to learn the basics of more advanced flight with confidence.
