

SKYRC pit light features convenient sensitive controls with adjustable light color and brightness / dimming.

This pit light employs clean, stress free lighting LED technology that eliminates the harsh whites of fluorescent making it ideal for general illumination. The light incorporates 32 high-power LEDs and uses 11 watts or less of power to provide light equivalent to a 100Watt incandescent bulb. The unique design also minimizes heat output.

Led Pit Light

270° rotation

Max 600 Lumens

Touch Control

Led Pit Light Black

Item No.: SK600089BK

Led Pit Light Blue

Item No.: SK600089BL

Features

- 270° Rotation
- max. 600 Lumens
- Touch Control
- foldable design for space saving
- dual power input (6-15Volt and USB 5V / 2,1A)
- Adjustable Brightness from 180 lumen up to 600 lumen
- Adjustable Color Temp 3000K / 3500K / 4000K

Scope of supply

- Carrying Case
- Pit Light
- DC Input wire
- USB Input wire
