New Fluo Sprays!

We have expanded our product range! Now we have 5 new fluo colours - ready to use in a 150ml spray!

RC Car Colours have been specially developed for polycarbonate bodies.

No chipping, no scratches, the colour is resist - even in a crash!

All fluorescent colors must be deposited with white spray paint (**RCC710**) to get the lighting effect.

All fluo colours:

RCC1010 Lexan Spray Fluo Dark Red 150ml (**new**)

RCC1011 Lexan Spray Fluo Dark Orange 150ml (**new**)

RCC1012 Lexan Spray Fluo Pink 150ml (**new**)

RCC1013 Lexan Spray Fluo Purple 150ml (**new**)

RCC1014 Lexan Spray Fluo Blue 150ml (**new**)
