

New Offroader-Kit by PR Racing

08/09/2017 14:39 by Admin (comments: 0) PR S1V3 FM Sport

PR S1V3 FM Sport Kit

Performance and quality characterize the **S1v3 (FM) sport**, which makes the **RC car racing area also accessible for a small budget**.

Carbon shock absorbers ensure **effective steering, direct shock response and maximum ground adhesion**. The dust-proof gear box with the slip-on clutch ensures optimum traction and allows for a sensitive acceleration and braking. The **chassis of a 3 mm CNC high-tech alloy** is extremely robust.

This kit will appeal to hobbyists as well as professionals with its balanced driving behavior.
