

## SKYRC News December

11/27/2014 16:02 by admin (comments: 0) SKYRC

Two new chargers, a brushless motor for quadcopter, a WiFi interface for battery chargers and ESC to operate the devices via smartphones are just some of the new introduced products of SKYRC in December.

### **B6AC+ v2 50W/6A Balance Charger/Discharger (SK100009-15)**

SKYRC B6AC+ V2 is the upgraded version for well-known IMAX B6AC+ V1. Compared with B6AC+ V1, it is more accurate and stable and also has some new features and functions. Users could set the terminal voltage by themselves and connect it to PC for PC control and firmware upgrade. What's more, users could also use it as Lithium Battery Meter and Battery Internal Resistance Meter. There are Automatic Charging Current Limit, Capacity Limit, Temperature Threshold and Processing Time Limit which makes the charger safer than V1.

### **B6 mini 60W/6A Balance Charger/Discharger (SK100084)**

SKYRC B6 mini is the small and upgraded version for well-known IMAX B6. Compared with B6, it has new features and functions with its super compact size. Smaller size, bigger power. Compared with B6, the power and charge current are 20% up. Users could connect B6 mini to PC for PC control and firmware upgrade. What's more, users could also use it as Lithium Battery Meter and Battery Internal Resistance Meter.
