

Unlimited power - Top LiPo Competition Packs by Robitronic

07/26/2017 16:43 by Admin (comments: 0) New: Robitronic LiPo Competition Packs

Top LiPo Competition Packs with Hardcase by Robitronic

Unlimited power - that's what every ambitious racer wants from his battery. With the new competition packs by Robitronic the choice will be pretty easy.

They come in 2 different sizes and cell numbers, **perfect for e.g. the CEN Reeper**.

The high-quality packaged cells are placed - perfectly shielded - in a robust hardcase and therefore safe of mechanical damage. The connecting lead with an XT90 plug, as the balancer cable are practice-oriented lead out of the top side of the battery.

The 4s/5000mAh guarantees long racing fun, as against the 6s/4500mAh makes the Reeper really take off.

LiPo Competition Pack - 4500mAh

Technical data: R05248

- Capacity: 4500mAh
- Voltage: 22,2V
- Max. Discharge: 65C
- Weight: ca. 617g (incl. cable and plug)
- Dimensions: approximately LxWxH 139 x 46 x 50mm
- Balancerport: XH
- Plug-In System: XT90
- Cable: AWG12
- Main Power Cable Length: 18cm

LiPo Competition Pack - 5000mAh

Technical data: R05247

- Capacity: 5000mAh
- Voltage: 14,8V
- Max. Discharge: 50C
- Weight: ca. 540g (incl. cable and plug)
- Dimensions: approximately LxWxH 139 x 46 x 50mm
- Balancerport: XH
- Plug-In System: XT90
- Cable: AWG12
- Main Power Cable Length: 18cm
