

SKYRC Tools make it easier and faster to work on the RC car. Simple but effective tools for working with the shocks, tires and many more.

SkyRC Shock holder 1/10

Nice looking refill holder for touring car shocks. Based on the higher weight the stand has a safe stand and the shocks can be refilled easily and stay in the holder while deaerating.

RC Shock holder (Black) 1/10

Item No.: SK600069-04

RC Shock holder (Blue) 1/10

Item No.: SK600069-05
